

NOBLE STREET CHARTER SCHOOL

OPERATED BY THE NOBLE NETWORK OF CHARTER SCHOOLS

INAUGURAL CALCULATOR DRIVE A SUCCESS!

THANKS TO YOUR GENEROSITY, NOBLE STUDENTS ARE EQUIPPED TO DIVIDE AND CONQUER MATH AND SCIENCE!

“Technology is the lifeblood of our country because innovation builds prosperity and good, quality jobs for our increasingly diverse workforce. If we don’t invest in and improve student achievement in math and science, there are serious implications for the business community, the U.S. economy and our quality of life.”

-William H. Swanson, chairman and CEO of Raytheon Company and co-chair of the Business Higher Education Forum’s Initiative on Mathematics and Science Education

Noble Street students receive at least 25% more instructional time in math than their peers in traditional high schools. Students take at least 5 math classes and 4 science classes over four years, and all students progress to Algebra II or further. Noble Street freshmen take physics, and AP science and math are offered to juniors and seniors. Noble Street is committed to providing students up-to-date, ample tools to use in their rigorous classes, and your help in funding calculators was instrumental in making this possible.

RESULTS

Participants in this year’s calculator drive provided:

280 graphing calculators

120 scientific calculators

Seven donors representing two Chicago companies participated.

Thanks to you, this year’s drive was extremely successful and we look forward to making it a Noble Street tradition. Please plan to take part again, and consider get friends and family involved as well! Look for information regarding next year’s effort in late spring. If you’d like to help by being a leader for next year’s calculator drive, contact Rachel Kramer at 773-278-6895, Ext. 174 or rkramer@noblenetwork.org.
